Registration Brochure

Society for Paediatric Anaesthesia in New Zealand and Australia

Invitation to attend

The Society for Paediatric Anaesthesia in New Zealand and Australia invites you to attend its 9th Annual Scientific Meeting and Workshops. The meeting continues to be the highlight of the scientific and collegiate activities of the Society, and we encourage all anaesthetists with an interest in paediatrics to attend.

This will be the first SPANZA meeting held on the west coast of Australia, the first time the keynote speaker is from mainland Europe, and the first time the program has included workshops and a sponsored speaker. The program has been designed to cater for a broad range of interests, and includes presentations on new and developing areas within the specialty.

On behalf of SPANZA, we invite you to attend what will be a most memorable and enjoyable meeting in Fremantle. The Organising Committee.

**IN VIEW OF THE ANTICIPATED POPULARITY OF THE MEETING AND WORKSHOPS,
EARLY BOOKING IS STRONGLY RECOMMENDED.**

Host City

Fremantle will give delegates a very different experience to any Perth meetings they may have attended. Although part of the Perth metropolitan area, it is very different to Perth in lifestyle, ambience and activity. Generally, the early November weekends have pleasant, spring weather. Fremantle is alive and buzzing all weekend, and has some extraordinary restaurants, pub-breweries, historic architecture and its famous 'cappuccino strip'.

The Venue

The architecturally stunning Fremantle Maritime museum is on the water at the entrance to Fremantle harbour. It has tiered, auditorium seating and a display/meals area with beautiful views of the water and passing parade of ships.

International Speakers

Keynote Speaker

Dr Walid Habre

Walid is Head of Paediatric Anesthesia at Geneva Children's Hospital. His paediatric anaesthesia training included a Fellowship at Princess Margaret Hospital and the Institute for Child Health Research in Perth. Walid is President of the Swiss Society of Pediatric Anesthetists, and convened the French ADARPEF scientific meeting earlier this year. He has published extensively, particularly in the areas of respiratory function and perioperative behaviour, and recently completed a course in hypnosis. He is a popular lecturer at conferences overseas, and is a member of the Editorial Advisory Board of Pediatric Anesthesia. We are pleased and fortunate to have such an energetic, dynamic and knowledgeable speaker for our meeting in Fremantle.

Kimberly Clark Sponsored Speaker

Dr Andreas Gerber

Andreas is the former Head of Paediatric Anesthesia at the University Children's Hospital, Zurich. He has researched and published extensively on endotracheal tubes for children, and most recently the paediatric microcuff endotracheal tube. He has a wealth of experience and knowledge, along with an excellent ability to discuss and debate. We are delighted to welcome Andreas to Fremantle.

Professor J Christian Abajian

Chris is from the University of Vermont College of Medicine and Fletcher Allen Health Care in Burlington, Vermont. His work began the use of spinal anaesthesia for infants in contemporary practice, but he joins us to 'perform' his popular workshop on the use of magic to relax and distract children before anaesthesia.

Before and After Trip Suggestions

Try a relaxing couple of days at Rottnest Island. A short ferry trip away from Fremantle, this island is the extremely popular holiday spot of the locals. There are no cars, and bicycles are the way to get around to see the bays and the quokkas. The Swan Valley offers everything from wine tasting to art galleries, and is a perfect spot to awaken the senses. Swim with the dolphins at Rockingham, 45min south of Fremantle.

Margaret River is a four hour drive south of Perth. It boasts quality wineries, restaurants, beautiful beaches, caves and forests. On the way, pass through Bunbury, located on a spectacular peninsula and with its own bottlenose dolphin family, and Busselton, boasting a unique underwater viewing area at the end of the longest jetty in the southern hemisphere.

Accommodation

Group bookings have been made at the following two hotels at discounted rates to SPANZA Conference delegates. All accommodation bookings must be accompanied by details of a current credit card, and these details will be forwarded to the hotel to secure your booking.
